date of report

RESULTS:

Normal cardiovascular examination via auscultation - No evidence of congenital or acquired heart disease was noted. Since acquired heart disease may develop later, these evaluation results remain valid for one year, and annual examinations are recommended to continue to monitor cardiac health.

RESULTS:

The 04/18/2026 exam finds this animal free of significant observable inherited eye disease. The Eye Certification Registry Number is valid for one year after the exam. Breeder option code(s): A1: Entropion, are potentially inherited conditions observed but not representing compromise of comfort, vision, or other ocular function.
